

St. Lucy: Martyr

(from Greek for WITNESS)

someone who gives their life for their faith in R

Why WAS sending the flood, the most ~~lowing~~ thing that God could have done for these people? ~~There were more martyrs in the 20th century than in any other century~~

NOAH → God flooded the Earth, killing all but 8 people on it, God basically because they were evil, God had told them to warn them for their whole lives, repent and especially through Noah who preached be sorry to them! for their sins.

So he is putting GREATER GOOD from the floods them in a pressure situation so → it was good for Noah and family, that they could pay attention, and lives

→ it was good for us, because it gave humanity a new beginning

→ it was good for the evil doers, because A) they saw evil will perished

→ God sent the flood to slowly show them that their time is running B) God wants everybody in out → We can hope that their impend Heaven; Serious sinners can't ing down, convinced at least some go to Heaven unless they repent when it's to repent! - they already refused to warn them
