# Notes

Hell: eternal separation from God.

Near occasion of sin: anything that makes the temptation to sin worse

ANTHROPOMORPHISM:

(L.M.) → describing either the higher or the lower in mere human terms.

12/4/14

# GENESIS 6:6:

"God regretted making man."

} looks kind of like God made a mistake, and God was taken by surprise

do not take a passage from the Bible out of the context of the whole BIBLE!

JOHN 3:20: "God knows everything" this shows us God knows the future, and was not surprised in Gen. 6:6.

ex. Little Mermaid

→ The animals are given ~~an~~ human characteristics to make them more relatable.

Gen. 6:6 puts God in more human terms to make God more relatable to us!

Gen 6:6 was telling us God does not want us to sin b/c He loves us! It uses ~~as~~ very human terms so we can understand it better.
