The role of the devil in David's life

1) The devil, before David sinned, tempted him to sin. He told David the sins were "no big deal".

2) As David kept giving in, the sins got progressively worse.

3) After David sinned, the devil became his Accuser: the devil tried to make David feel unforgivable so that David would not repent.

God works the opposite way:

1) BEFORE David sinned, God was reminding him of the terrible consequences of sin.

2) After David sinned, God was ready to forgive when David sincerely repented: the cross is more powerful than any sin.
