

## **Saint Bernadette School 2020-2021 Proposal UPDATES**

### ACADEMICS

**Preservice Training:** We have scheduled virtual training for all teachers to cover five sessions, two during preservice and three after school begins. Sarah Dugan of Teach-Learn-Thrive is working with us on designing engaging and effective online lessons and will present best practices for assessment and grading strategies. In addition, our teacher leadership team is developing a standard of practice for our staff to ensure we adhere to an equitable grading strategy across all subjects and levels. This team currently is meeting weekly.

**Attendance/Engagement:** Homeroom and Subject teachers will record attendance in Gradebook for all online classes by period. In-person attendance will remain the same with homeroom attendance recorded and tardies and early dismissals monitored by the office.
