

## Summer Math & Reading Assignments for Incoming 3rd-5th Graders

Dear Parents and Students,

Each student entering Grades 3-5 will be asked to complete the *Summer Math Skills Sharpener* from the **Summer Skills Company**. This book is designed to take 20 minutes a day 3 days a week for a total of 10 weeks. The goal is to do a little bit frequently through the summer.

Students should complete the *Summer Math Skills Sharpener* for the school year just completed. For example:

- Incoming 3rd graders complete the 2nd-grade book
- Incoming 4th graders complete the 3rd-grade book
- Incoming 5th graders complete the 4th-grade book

Answer keys are included in the back of the book. Please spot-check your child's math to make sure that they are completing the work appropriately.

Students completed summer workbooks will serve as their first graded assignment for the new year. Your child's completed *Summer Math Skills Sharpener* should be turned in to your child's math teacher for 2022-2023 on the first day of school.

Thank you for your support as we work to maintain your child's math skills over the summer months!

Sincerely,

The 3rd- 5th grade Teachers

Mrs. Foersch- Connolly  
Mrs. Lang  
Miss Cooper

Mrs. Goudreau  
Mr. Brown  
Mrs. Rodriguez

## READING ASSIGNMENT

Dear Parents,

Each student entering third grade is required to complete a summer reading assignment over the summer.

Your student will be required to read two books. One will be a just right (not too hard and not too easy) fiction book and another of the books to be a just right nonfiction book of their choice.

After the fiction book of their choice is read, please have them fill out the Fiction Summer Book Report form.

After the nonfiction book is read, please have them fill out the Book Report: Non-Fiction form.

Your child may return the book report forms along with the Summer Math Skills Sharpener book on the first day of school.

Please have your child read throughout the summer. Remember that as they work in their Summer Math Skills Sharpener book to also continue to practice their addition and subtraction facts. Doing these things will make the start of third grade go smoothly. We look forward to meeting you in the fall!

Have a wonderful, safe summer!

Mrs. Foersch-Connolly
